The wine growers we work with farm organically or biodynamically and use minimal intervention in the winery, reducing or eliminating the use of synthetic herbicides, pesticides and fertilisers in the vineyard and chemicals in

the cellar. Many choose not to fine or filter their wines or use sulphites, so some wines may be a bit hazy or have unfamiliar aromas. We hope you'll love them and enjoy the adventure but if you're unsure please ask us, tell us and talk to us about what you like or don't like and we'll find something perfect for you.

we aim to have all the wines on this list in stock
but as many of our wines are from small
producers making sometimes tiny amounts we
can't always guarantee this.

we will always try to find a wine to replace your
choice if it is unavailable and our cru are on hand
to help.

if you would like a recommendation, to know
more about a wine on the list, or want to go on
a wine adventure then please speak to one of
the team.

all our wines are available to take away at "off-
sales" prices. please ask for assistance or to see
our take out list.

a gratuity service charge of 10% is usually
added to in house bills, all of which goes to the
team. This can of course be removed or
changed if you wish.
